9 PC. MULTI-COLOR BALL END HEX-PLUS L-KEY SET

Product Reviews
★★★★★ 5/5

Hex-Plus L-keys for hexagon socket screws have a greater contact surface in the screw head and this reduces the notching effect that is damaging for the head of the screw.

- Metric
- Hex-Plus allows socket head screws to live longer
- Hexagonal ball end on the long arm
- Easy-to-grip, color coded sleeves
- Handy fold-over clip with sliding switch opens easily for quick insert and removal

Includes: 1.5, 2, 2.5, 3, 4, 5, 6, 8 and 10mm sizes.

ONLY
\$47⁸²

"Handy and inexpensive"
- Houston, PA

Heavy-Duty
Cast-Iron

Aluminum
Handle

Offset

Heavy-Duty Cast-Iron

- Sturdy cast-iron housing and I-beam handle
- Full-floating forged hook jaw with spring suspension for instant grip, instant release
- Replaceable jaws feature tough, heat-treated, high-alloy steel teeth
- Uniquely braced, extra strong mount for heel jaw

Aluminum Handle

- 40% lighter than comparable cast-iron models
- Jaws and all other parts identical to heavy-duty wrenches

Offset

- Features a jaw opening parallel to the handle and a narrower hook jaw head to provide easy entry into tight spots

INDUSTRIAL POWER TOOL SOLUTIONS

GRINDER FEST

- Powerful flat-head angle grinder for working quickly in particularly acute angles down to 39° with the highest user protection
- Developed for the removal of weld slag, rust or paint in narrow frame constructions and for working in tight spaces
- Electronic safety shutdown of the motor reduces kickback if the disc stops unexpectedly—for high user protection

Braking Grinder

- Fastest brake system for the highest user protection: patented, mechanical disc brake stops the disc after switching off within 2 seconds, even in the event of a power cut

Constamatic (C)-Full Wave Electronics Grinders

- Fast work progress by means of almost constant speed under load
- Electronic overload protection, soft start and restart protection

IQV® 20V 4.5/5.0" ANGLE GRINDER

INDUSTRIAL DESIGN:

- Shorter length, less weight, and inline battery alignment make it easier to work in enclosed spaces
- Slim body and comfortable rubber grip provide more tool control and reduce fatigue during extended use
- Automatic E-brake and anti-kickback protection features

POWER AND PERFORMANCE:

- Brushless motor delivers 1.0 HP output with up to 8,000 RPM to support the same applications as pneumatic or corded tools
- Power and speed are optimized for industrial and automotive applications
- Use with BL2022 5.0 Ah battery for extended runtime in robust tasks
- Freedom of movement provided by the IQV® 20V Battery Platform

VERSATILITY:

- Extended-length paddle switch and no-nonsense single-speed operation
- Included side handle attaches on the left or right side
- Change guard with tool-free quick release: use with included grinding guard for material removal/surfacing, or with the included cut-off guard for fast metal cutting
